Leo:

Thanks for the message about the Russell Homestead
postcard for sale on e-Bay.

About 15 years ago, quite a number of the post cards
in our collection mysteriously disappeared. I won't
trouble you with the details, but we know what
happened, and have taken appropriate measures to make
sure that similar "disappearances" don't happen again.

Things are moving forward nicely at the Society at
present. The Society's community Advisory Board is
currently re-organizing and we now have about 20
Carbondale boosters who will participate in the
formulation of the Society's plans for the present and
the future.

Regards,

Robert
